# Safer Spray Tan Updates

To continue my commitment to finding the safest and most effective ingredients for the best results in detailed beauty boosting, I have created a proprietary blend of solutions I have found to provide the longest lasting color with a more even fade that I have experienced in the eight and a half years I have been perfecting my tans.

Unfortunately, one of the brands that makes up this new solution has increased it's cost to me which will result in a \$5 increase to my

Safer Spray Tans.

Hair caps, personal nose plugs and/or masks and organic lip protection will always be provided for your considered safety :)

**Improved Safer Spray Tan Price \$60**
